Mission & Background

MISSION AND PURPOSE

Sample profile. Every foundation, person, address, phone number, email, URL and dollar figure in this profile is fictional and shown for illustration only. It is not research on a real foundation.

The Owen and Marguerite Calloway Foundation helps nonprofits in Idaho and eastern Oregon build and equip the places where they serve people. Its founders wanted grants to "leave something standing," so the foundation funds capital projects that last for decades.

HISTORY

Owen Calloway built a regional chain of hardware and lumber stores starting in 1948. He and his wife, Marguerite, a former teacher, created the foundation in 1968 and left most of their estates to it. Since inception the board has approved more than 1,900 grants totaling about $142 M. A non-family president has led the staff since 1996, and two family members serve on the seven-person board. In 2022 the board added Behavioral Health as a stand-alone category after a strategic review of community needs.

Grant FAQ (PDF): https://www.callowayfoundation.example/forms/grant-faq.pdf

What the Foundation Funds: Capital projects for nonprofits in Idaho and eastern Oregon: construction, renovation, equipment, vehicles and facility technology. Behavioral health facilities are a current priority.

Step 1. Eligibility (all must be met):
1. A capital project in the service area.
2. 501(c)(3) public charity status.
3. Annual budget of $500,000 or more and an audit from the last two years.
4. At least 50% of the campaign goal raised or pledged for requests above $100,000.
5. No grant from the foundation in the last three years.

Step 2. Call the program officer: Staff ask applicants to call before submitting. For behavioral health projects, contact Priya Banerjee at (208) 555-0164 or pbanerjee@callowayfoundation.example.

Step 3. Letter of inquiry (2 pages): Organization summary, the project, total cost, amount raised to date, the request amount and the timeline. Submit online by January 15 or July 15.

Step 4. Invited proposal: Staff invite about half of letter writers to submit a full proposal within eight weeks. Attachments: IRS determination letter, latest audit, current operating budget, capital budget on the foundation template, campaign gift chart and pledge report, board list with affiliations, construction bids or equipment quotes, and architectural drawings.

Step 5. Site visit: A program officer and one board member visit every finalist requesting more than $100,000.

Step 6. Decision and payment: The board votes in May or November. Multi-year grants are paid each December after an annual progress report. Grantees must credit the foundation in campaign recognition.

Notes for the sample client: The 2021 grant closed in good standing and the three-year waiting period has passed. Nora Ellison knows the executive director and is the best introduction.
