BOARD DEVELOPMENT SERVICES

Turn a board that meets into a board that raises.

Catapult recruits, equips, and holds your board accountable, so every member gives, opens doors, and is ready to make the ask.

From Governing Board to Fundraising Board

Most boards are built to oversee. Catapult helps yours raise money too, starting with an honest look at your roster, bylaws, board giving, and the skills you are missing.

- Bylaws, terms, committee, and conflict of interest review
- Board giving analysis and a written give/get policy
- Committee structure tied to your fundraising priorities

Research-Led Recruitment

We build a three-year recruitment plan, then fill it deliberately. Every prospect is profiled for giving capacity, interest, and fit before an invitation goes out.

- Confidential research profiles, included at no additional cost
- Invitation letter and case summary for each prospect
- Interviews with Catapult leadership and your CEO or chair
- Committee service first, then a board vote

Clear Expectations, Real Accountability

New and current members sign one responsibilities and expectations agreement, so giving, attendance, and committee work are clear from the start.

- Orientation program and board binder for new members
- Annual scorecard review between each member and the chair

Training That Makes the Ask Easier

Making the Ask training prepares members to cultivate and solicit alongside your staff, with a short ask tip at every board meeting to keep skills sharp.

THE CATAPULT DIFFERENCE

- ✓ Every prospect researched before an invitation
- ✓ Board giving secured before the public ask
- ✓ Tied to your campaign and major gifts plan
