LEGACY & PLANNED GIVING

Your most loyal donors are ready for a legacy conversation. Legacy Call finds them.

A full-service, two-tier planned giving methodology, not a single survey, that uncovers bequests and deferred gifts most capital campaigns leave on the table.

> "Legacy Call was a gamechanger for us. As a small shop, it helped us reach a much wider audience of planned giving donors, and the response was incredible: several new gifts and a full pool of new prospects."

The Untapped Gift Behind Every Loyal Donor

Planned giving prospects rarely make large outright gifts, but their loyalty often translates into deferred commitments worth 200–300 times their largest annual gift. Legacy Call is Catapult's full-service, two-tier methodology for identifying and closing bequests, beneficiary designations, life-income gifts, and other planned commitments.

Built to Extend Your Existing Team

Our Gift Planning Specialists don't replace your development office. They extend it, confirming intentions your team is already working and surfacing new ones your team hasn't found yet.

The Legacy Call Process

1. Prospect identification using proprietary donor-data analysis
2. Donor list review & approval alongside your team
3. Pre-call letter previewing the conversation and sharing an impact story
4. Prospect qualification calls from a trained Stewardship Officer
5. Gift phase: referral to a Gift Planning Specialist for eligible prospects
6. Confirmation, fulfillment, recognition & daily reporting
7. Warm hand-off to your internal planned giving / stewardship team

WHY IT WORKS

✓ Full-service, two-tier methodology, not a single survey

✓ Extends, never replaces, your development office

✓ Warm hand-off to your team after every confirmed gift
