Phase One

Catapult designed a personalized planned giving telephone outreach program for 1,000 of the ministry's best prospects. Of the donors reached, 31% expressed current interest or had already completed a planned gift, against a 10 to 15 percent projection. Tier 2 callers confirmed 43 planned gifts totaling $2,077,813, with $839,250 in additional potential.

Phase Two

Given those results, the ministry commissioned a second phase across 2,100 more loyal donors. The program yielded 1,305 decisions, 106 of them planned gifts totaling $4,789,348, with 259 more prospects interested in exploring gift planning later and $2,043,000 in additional potential.
