CASE STUDY · LEGACY & PLANNED GIVING

The Hill School: $7.67 million confirmed across two phases of calling.

A Pottstown, Pennsylvania boarding school with a high volume of loyal donors used Legacy Calls to reach them in months instead of years, and came back for a second phase.

The Solution

Catapult built a highly personalized planned giving outreach program and selected 1,000 of the school's most loyal donors. Tier 1 callers thanked each prospect for years of support and gauged planned giving interest. Where interest existed, a Tier 2 planned giving specialist with more than 20 years in the field called to present gift options and confirm and quantify the commitment.

Phase One

Of 1,000 prospects called, 518 were reached and 28% expressed current interest or had already completed a planned gift. 70 more asked to explore options later. Tier 2 callers confirmed 41 planned gifts totaling $2,166,000, with $712,500 in additional potential.

Phase Two and Grand Totals

- 501 prospects called, 121 reached, 36 with current planned-giving interest
- The pre-call letter prompted one prospect to reveal a previously unknown $1,000,000 commitment
- 6 planned gifts confirmed in phase two, totaling $5,500,000
- Grand total confirmed gifts: $7,666,000
- Grand total confirmed plus potential: $8,878,500

WHY IT WORKED

The pre-call letter did real work before the phone rang

Phase two went back to the same loyal file and found more

Specialists quantified gifts on the call, not months later
