Turning Donor Relationships into Charitable Gift Annuities

WEBNIAR // OCTOBER 2026

Welcome!

TODAY'S AGENDA:

Charitable Gift Annuities in Plain English
What they are and why donors and nonprofits use them

Finding the Right Donors
What makes someone a strong CGA prospect

Turning Prospects Into Conversations
Using donor data, outreach, and relationship-building

Building & Implementing the Program
What needs to be in place and what happens after a donor says yes

Managing CGAs for the Long Term
Investment, administration, reporting, and ongoing stewardship

Q&A

ENDOWMENT PARTNERS, LLC

THE OPPORTUNITY IS ALREADY IN YOUR DONOR FILE

Catapult FUNDRAISING

Charitable Gift Annuities does not start with finding new donors. It starts with the loyal donors you already have, whose age, giving history and circumstances make them strong gift annuity candidates.

~4,000
of more than 1.5 million U.S. nonprofits issue gift annuities. Most donors are never offered one.

~200,000
CGA contracts in force nationally, roughly $15 to $20 billion in annuity reserves.

Meet Susan

Catapult FUNDRAISING

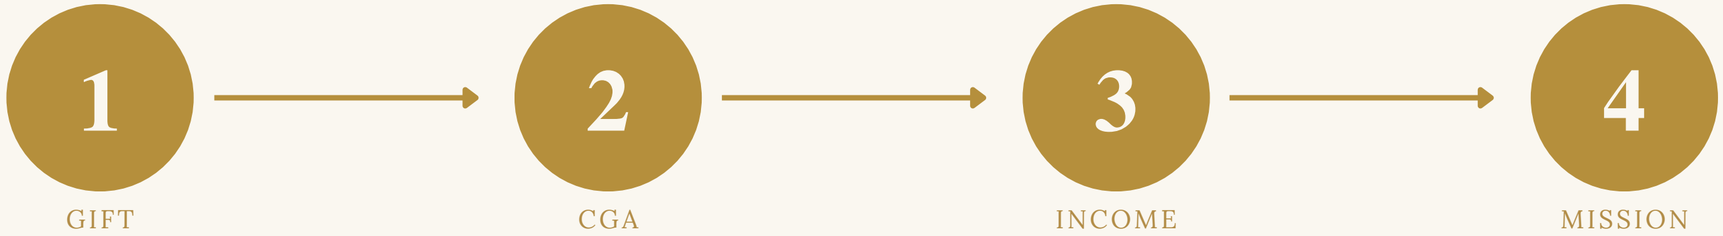
She is 74, has given $300 - $500 a year for 22 years, holds appreciated stock, and wants to do more without giving up income she may need. In a file of 12,000 donors, would you find her?

ENDOWMENT PARTNERS, LLC

CHARITABLE GIFT ANNUITIES IN PLAIN ENGLISH

Catapult FUNDRAISING

A charitable gift annuity is a lifelong agreement between a donor and a qualified public charity.



DONOR MAKES A GIFT

The donor contributes cash, securities, or another suitable asset.

CHARITY ISSUES THE CGA

The organization enters into a charitable gift annuity agreement with the donor.

DONOR RECEIVES LIFETIME PAYMENTS

The donor receives fixed payments for life.

CHARITY RETAINS THE REMAINDER

After the annuity ends, the remaining assets support the organization's mission.

**Payment amounts are determined by factors including the donor's age and the number of beneficiaries.*

ENDOWMENT PARTNERS, LLC

WHY WOULD A DONOR CHOOSE A CGA?

Catapult FUNDRAISING

1

MAKE A MEANINGFUL GIFT

Support an organization and mission that matters to them, while potentially making a larger gift than they otherwise could.

2

RECIEVE INCOME FOR LIFE

A CGA provides predictable, fixed payments for the donor's lifetime.

3

POTENTIAL TAX ADVANTAGES

Depending on the donor and the asset used, a CGA may provide a charitable deduction and favorable tax treatment.

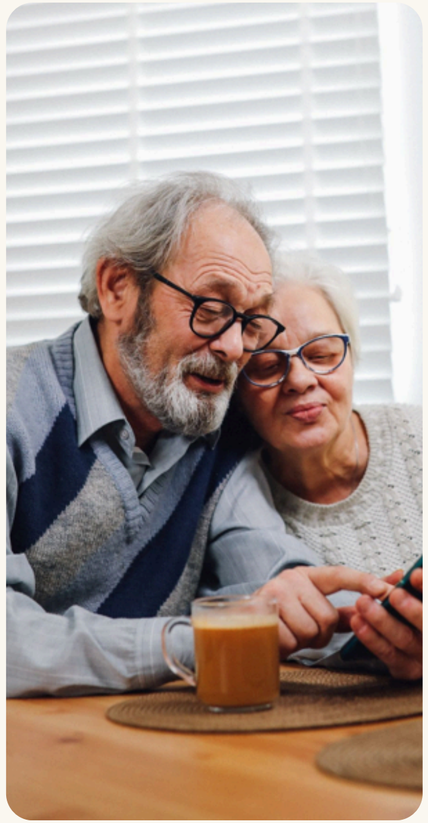
The strongest CGA conversation starts with what the donor wants their giving to accomplish.

ENDOWMENT PARTNERS, LLC

WHY WOULD A NONPROFIT OFFER GIFT ANNUITIES?

Catapult FUNDRAISING

So the question is not whether people would benefit. It is how you find them inside your current database.



Converts charitable intent into an irrevocable gift today instead of a future bequest that can change

ACGA rates are designed so roughly half of the original contribution remains for the charity

Lets a loyal donor make a larger gift than cash alone allows, because income comes back for life

Deepens the relationship: about half of new gift annuities come from donors who already have one

97% of surveyed charities said a gift annuity either increased annual giving or had no effect on it

ENDOWMENT PARTNERS, LLC

WHO IS A GOOD CGA PROSPECT?

Catapult FUNDRAISING

Age 70 to 85, where payment rates get genuinely attractive:

- Long, consistent giving history rather than one large gift
- Steady annual donor: loyalty matters more than gift size
- Deep affinity for the mission and its future
- Already in a legacy or planned giving conversation
- No obvious heirs, or financially independent children
- Holds appreciated securities or other suitable assets
- Thinking about retirement income and predictability
- Recent liquidity event: sold a business, property or portfolio

Annuitant Age	Rate	On a $100,000 Gift
65	5.7%	$5,700 a year
70	6.3%	$6,300 a year
75	7.0%	$7,000 a year
80	8.1%	$8,100 a year
85	9.1%	$9,100 a year

79

Average age at a donor's first immediate gift annuity, consistent across national surveys.

Sources: ACGA single life suggested maximum rates, effective January 1, 2024 and reconfirmed November 2025 (a charity may pay less, never more); average first annuity age 79 per ACGA surveys as reported by PG Calc and the Crescendo marketing study; most CGA pools set a minimum age of 60 to 65 and a $10,000 to $25,000 minimum gift.

FINDING THE SIGNALS IN YOUR DONOR DATA

Catapult FUNDRAISING

A generic email blast is not a CGA strategy. We build the prospect pool from what your database already knows.

What We Screen:

- Age or estimated age, and household composition
- Consecutive years of giving and donor tenure
- Gift frequency, recency and lifetime giving
- Response to past campaigns and appeals
- Major gift and planned giving indicators from screening
- Engagement: events, volunteering, board and committee history

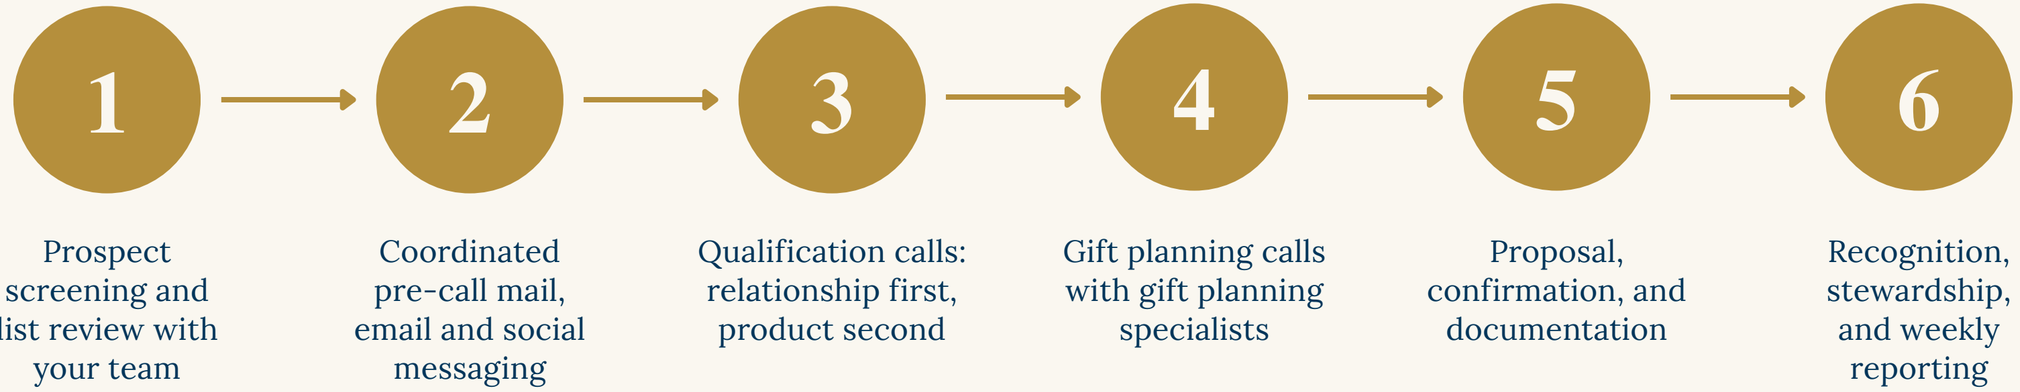
Tier A
Age, loyalty and capacity align.
Call first

Tier B / C
Cultivate now, qualify next.
Nothing is wasted.

ENDOWMENT PARTNERS, LLC

FROM A LIST OF NAMES TO ACTUAL CONVERSATIONS

Catapult FUNDRAISING



The first call is not a lecture on annuity mechanics.

Its job is a conversation about the donor's relationship with your organization and what they want their giving to accomplish.

ENDOWMENT PARTNERS, LLC

WHAT DOES THE DONOR CONVERSATION SOUND LIKE?

Catapult FUNDRAISING

You have supported us for many years. Have you ever thought about what you would like your philanthropy here to accomplish over the long term?

Are there assets you have held for a long time, where selling them would create a tax bill you would rather not take?

Some of our longtime donors have been interested in a way to make a meaningful gift while keeping income for life. Would it be useful to see what that might look like for you?

If we could show you a fixed payment for life, backed by a written agreement, and a gift to the mission at the end, would that be worth a conversation?

THEN THE HANDOFF

Once interest is real, the fundraising conversation becomes a customized technical proposal: an illustration built on the donor's age, asset and timing, prepared with Endowment Partners.

ONE MORE DOOR

A donor 70 and a half or older can make a one-time election of up to $55,000 in 2026 from an IRA to fund a gift annuity, inside the $111,000 annual QCD limit.

ENDOWMENT PARTNERS, LLC

BEFORE YOU OFFER A CGA, BUILD THE PROGRAM FIRST

Catapult FUNDRAISING

Establish a clear framework before your first donor is ready to move forward.

01	MINIMUM AGE	Who is eligible to establish a CGA?
02	MINIMUM GIFT SIZE	What contribution level makes sense for the program?
03	ANNUITY RATE POLICY	What rates will the organizations use?
04	INVESTMENT APPROACH	How will the assets be invested and managed?
05	DONOR RECOGNITION	How will CGA donors be acknowledged and stewarded?

A sustainable CGA program begins with clear policies, governance, and implementation decisions.

ENDOWMENT PARTNERS, LLC

WHAT HAPPENS AFTER A DONOR SAYS "YES"

Catapult FUNDRAISING

Interest is only the beginning. A CGA still has to be structured, documented, funded, invested, and administered.

01

BUILD THE ILLUSTRATION

Create a customized proposal based on the donor's age, asset, and timing.

02

COMPLIANCE REVIEW

Confirm the gift structure and applicable requirements.

03

CGA AGREEMENT

Finalize the written agreement between the donor and the organization.

04

TRANSFER THE ASSET

Move the donor's contribution into the CGA program.

05

INVEST THE ASSETS

Implement the organization's investment approach.

06

ESTABLISH PAYMENTS

Set up lifetime payments to the annuitant.

07

REPORT & ADMINISTER

Provide ongoing donor reporting and program administration.

ENDOWMENT PARTNERS, LLC

Catapult FUNDRAISING

THE GIFT ARRIVES TODAY. THE OBLIGATION MAY LAST DECADES.

A Charitable gift annuity creates an ongoing financial commitment to the donor.

LONGEVITY RISK

Payments must continue for the annuitant's lifetime.

INVESTMENT RISK

Poor market performance can affect the assets supporting those payments.

LIQUIDITY

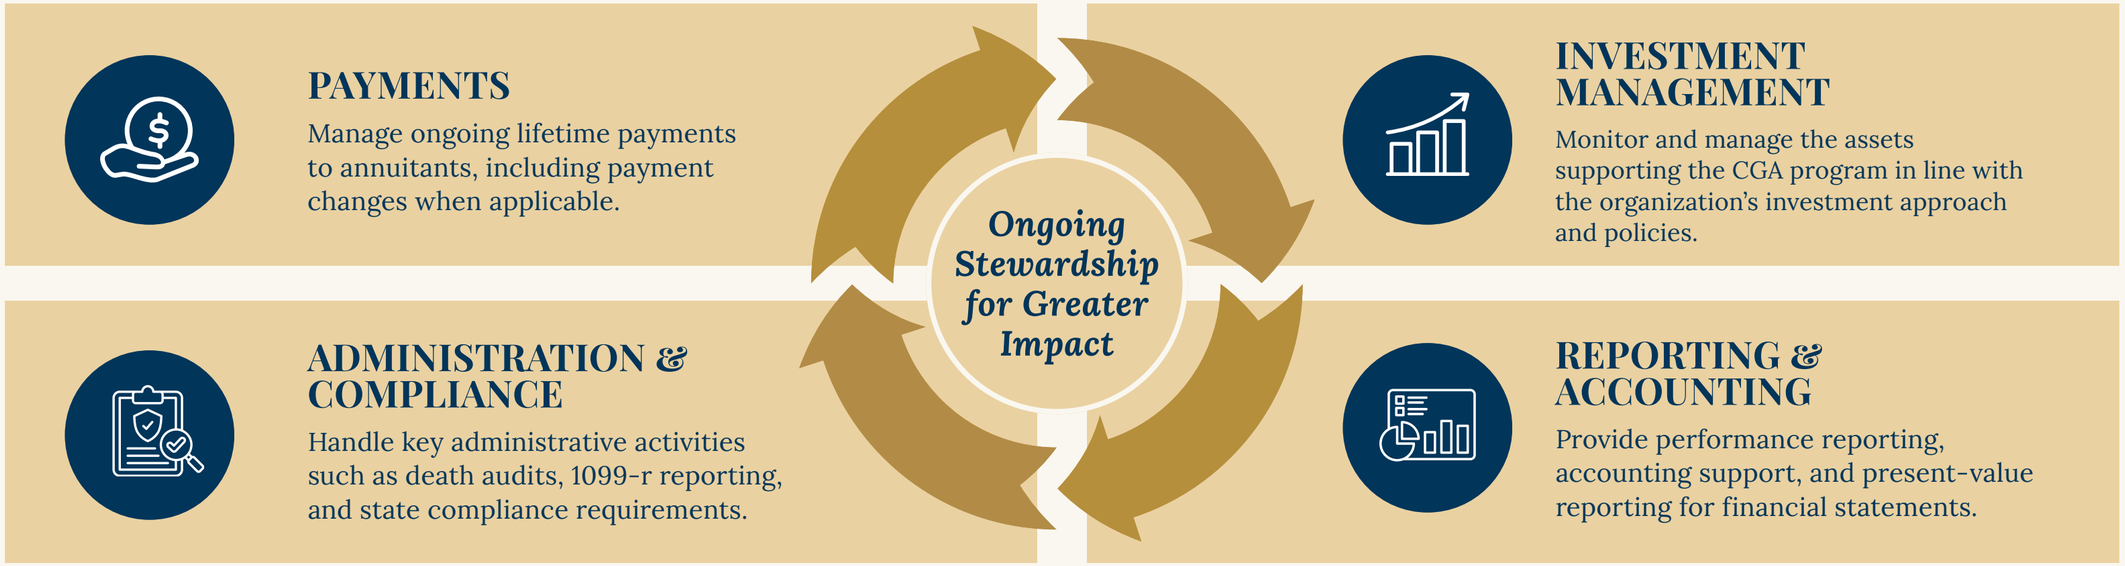
The organization needs sufficient assets available to meet ongoing obligations.

A CGA program is both a development strategy and an investment and governance responsibility.

ENDOWMENT PARTNERS, LLC

Catapult FUNDRAISING

RUNNING THE PROGRAM AFTER THE GIFT ARRIVES



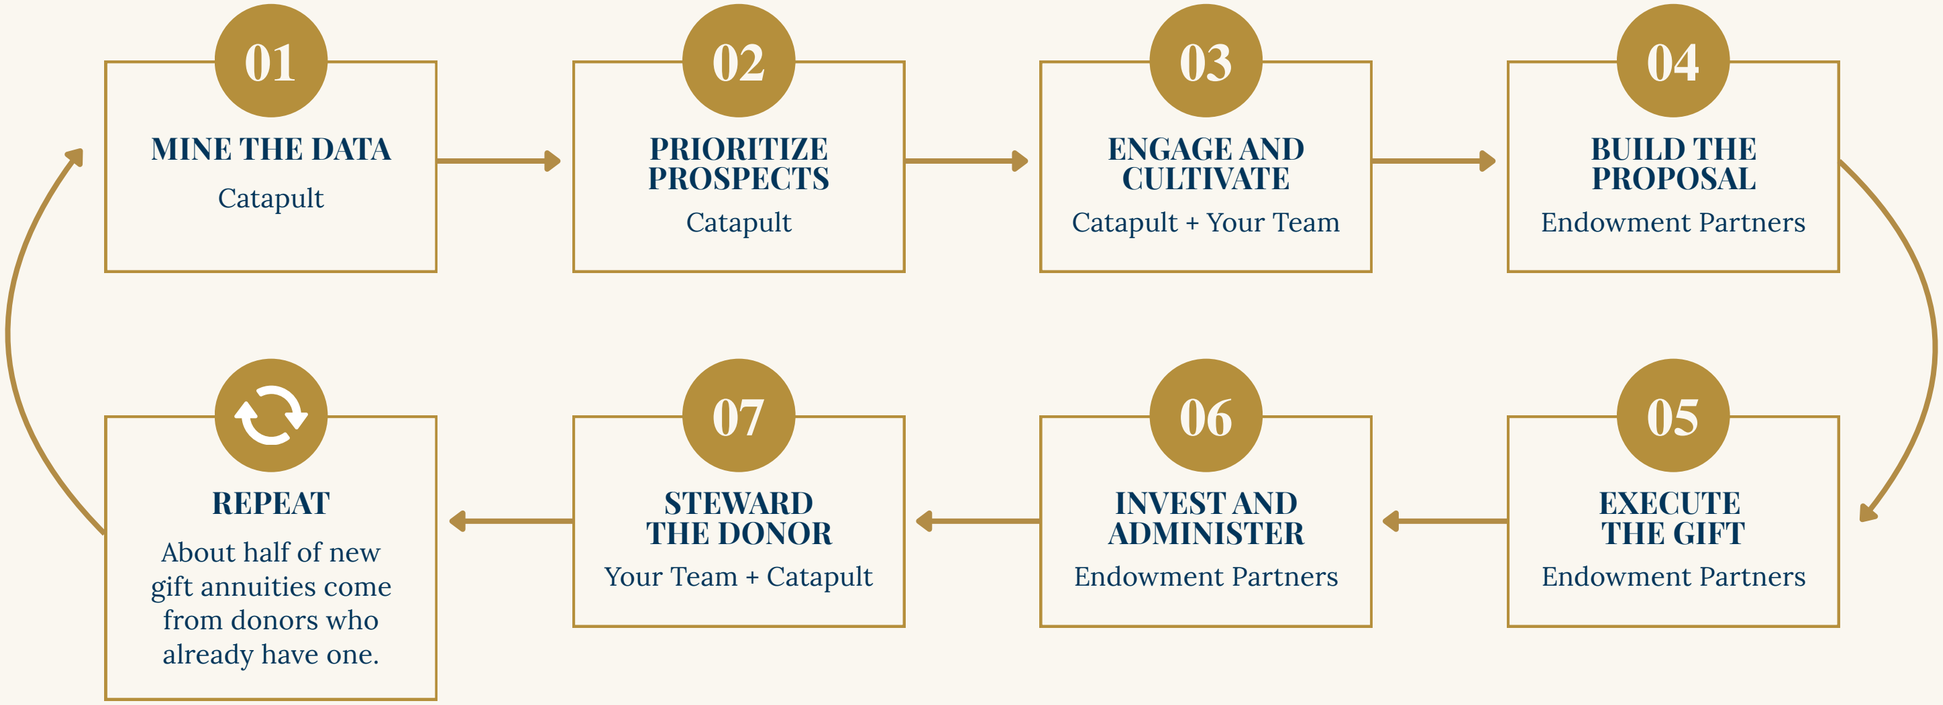
A CGA program continues long after the gift is made.
Organizations do not necessarily need to build every part of that infrastructure internally.

ENDOWMENT PARTNERS, LLC

THE CGA GROWTH CYCLE

Catapult FUNDRAISING

Find, engage, close, implement, steward, repeat. A gift annuity program is not a service menu, it is a repeatable system that runs from donor identification through lifetime administration.



IS YOUR ORGANIZATION READY FOR A CGA PROGRAM?

1. **Do we have a meaningful population of loyal, long-term donors?**
2. **Can we identify which of them are likely CGA candidates?**
3. **Do we have a systematic strategy for contacting them?**
4. **Do we have the governance and infrastructure to issue annuities?**
5. **Can we administer, invest and report on them for the donor's lifetime?**

ENDOWMENT PARTNERS, LLC

If the answer to any of these is not yet, that is exactly where Catapult Fundraising and Endowment Partners come in.
