

Why Mid-Level Engagement

What your organization gains from a Catapult mid-level donor program.

— The Outcomes We Deliver

Increased Annual Gifts

Loyal \$1K to \$10K donors are asked to step up, personally and with context.

More Donors Reached

One officer reaches far more donors than any face-to-face program could.

Deeper Loyalty

Up to seven stewardship touchpoints a year keep donors close to your mission.

A Major-Gift Pipeline

Qualified, cultivated mid-level donors become tomorrow's major gift prospects.

The Catapult Advantage

A national fundraising partner built to grow mid-level donors into your next major gift pipeline.

Catapult's Mid-Level Donor Pipeline Engagement program is a full-service, multi-tier, multi-channel approach. Every donor is treated with the same personal attention a major gift officer would give their own portfolio.
