 Company Background

COMPANY HERITAGE	Founded in 2010 by a group of University of Texas engineering graduates, Meridian Technologies began as a three-person IT consultancy in Austin. Over the past 15 years the company has grown into a 1,400-employee enterprise cloud and cybersecurity provider serving mid-market and enterprise clients across the United States, with regional offices in Austin, Denver, and Raleigh.
KEY INFORMATION	Publicly recognized as a top workplace in Central Texas for six consecutive years. Meridian's philanthropic program, "Meridian Gives Back," matches employee donations to approved nonprofits up to \$2,000 per employee annually and coordinates an annual week of company-wide volunteer service.
PRODUCTS AND OPERATIONS	Meridian Technologies provides cloud infrastructure management, cybersecurity consulting, and managed IT services to mid-market and enterprise clients. The company operates three primary business units: Cloud Solutions, Security Services, and Managed Support, serving approximately 900 active client accounts nationally.
VALUES	Meridian's stated corporate values are Integrity, Innovation, Community, and Growth. The company publishes an annual Corporate Social Responsibility report highlighting its environmental sustainability initiatives and community investment.
